

Speaker Series

The Community Leaders Presentation is actually called the Speaker Series. This series entails recruiting business owners, directors, doctors, lawyers, managers from various organizations/businesses to come and speak with the students about how they overcame barriers in reaching their school/career goals. Many of these speakers come from the same communities and faced economic barriers and are first generation students just like the students we are serving. This series allows students to see the success of those who once walked the same journey they are currently walking. Guest speakers are asked a series of questions to expound on during the event. Students are also encouraged to ask their own questions.
